

Damp lock is water proof paint coat on the top of terrace and roof. It seals the cracks and gap of the Roof. It Provides excellent adhesion to the roof as it acts as a waterproof sealant. It is enriched with the silicon to provide a excellent adhesion

Damplock paint is specially formulated to protect against dampness in the interior walls. This types of paint can also be used as a primer, prior to painting with decorative finish paint.

Damplock paint can reduce the risk of damp resurfacing. Homes in wet climate are more prone to damp problems. Therefore Damplock paint acts as barrier against water invasion

**Actual coverage may vary from the quoted coverage due to factors such as method and condition or application and surface roughness and porosity

- ✓ 100% Water Proof Terrace & Roof Emulsion
- ✓ Seals Bridges and Cracks
- ✓ Primes Excellant Adhesion
- ✓ Provides Water Proof Seal
- ✓ Silicon Enriched
